Start
<p>The Start class contains the main method. Inside the main method the application prompts the user to choose among the following options:</p> <ol style="list-style-type: none"> 1. Employee Management 2. Customer Management 3. Customer Account Management 4. Account Transactions 5. Exit <p>Upon choosing any of the option the user is given some further options to choose from:</p> <p><i>Options for Employee Management:</i></p> <ol style="list-style-type: none"> 1. Insert New Employee 2. Remove Existing Employee 3. Show All Employees <p><i>Options for Customer Management:</i></p> <ol style="list-style-type: none"> 1. Insert New Customer 2. Remove Existing Customer 3. Show All Customer <p><i>Options for Customer Account Management:</i></p> <ol style="list-style-type: none"> 1. Insert New Account 2. Remove Existing Account 3. Show All Accounts <p><i>Options for Employee Management:</i></p> <ol style="list-style-type: none"> 1. Deposit Money 2. Withdraw Money 3. Transfer Money <p>The application will prompt the user to give input for the necessary values as per the choice. The application will repeatedly go on according to the user choices.</p>

Requirements:

- Object Oriented Programming Principles must be followed.
- The whole program must be organized using at least three user defined packages.
- Whenever a Transaction is made, the details of the transaction has to be written in a text file.
- The program must be able to handle exceptions by itself.

Project Submission Instruction:

- You will have to upload the project in your VUES account in a link named "Project".
- Any one member will upload the project on behalf of the group.
- You have to upload zip files. Put all the .java files into a zip and rename the zip folder by your id then upload it to the portal.

Project Submission Deadline:

19.04.2020
